The feedback was collected in relation with curriculum, teaching learning activities and facilities available in the institution from the 50 students of M.Ed. first year. Most of the feedback received was highly positive. Key themes identified are students were very much satisfied with the curriculum related activities and availability of resources in the institution. The feedback analysis shows, the satisfaction ratio of the student is high in most of the questions. Although we have received positive responses in most of the items, there were few more items to be concentrated in forthcoming years. Some of the items to be noted are to increase the ICT enabled classrooms, to improve the speed of the internet and to focus on the canteen hygiene.

Action to be taken:

1. **Enhancing usage of technology**
2. **Improving Internet Speed**
3. **Focusing on Canteen Hygiene**

Action Taken:

1. **Enhanced Usage of Technology:**
 - Provision of additional resources such as projectors, smart boards, and educational software.
 - Encouragement of faculty to use online platforms for assignments and discussions.
 - Upgraded existing classroom technology infrastructure, including projectors and interactive whiteboards.

2. Improving Internet Speed:

- Upgraded internet connectivity across the institution to improve speed and reliability.
- Implemented measures to ensure consistent high-speed internet access in classrooms, libraries, and student areas.
- Conducted regular monitoring and maintenance to address any connectivity issues promptly.

3. Enhancing Canteen Hygiene:

- Conducted a thorough inspection of the canteen facilities and identified areas for improvement.
- Implemented stricter hygiene protocols for food handling and preparation.

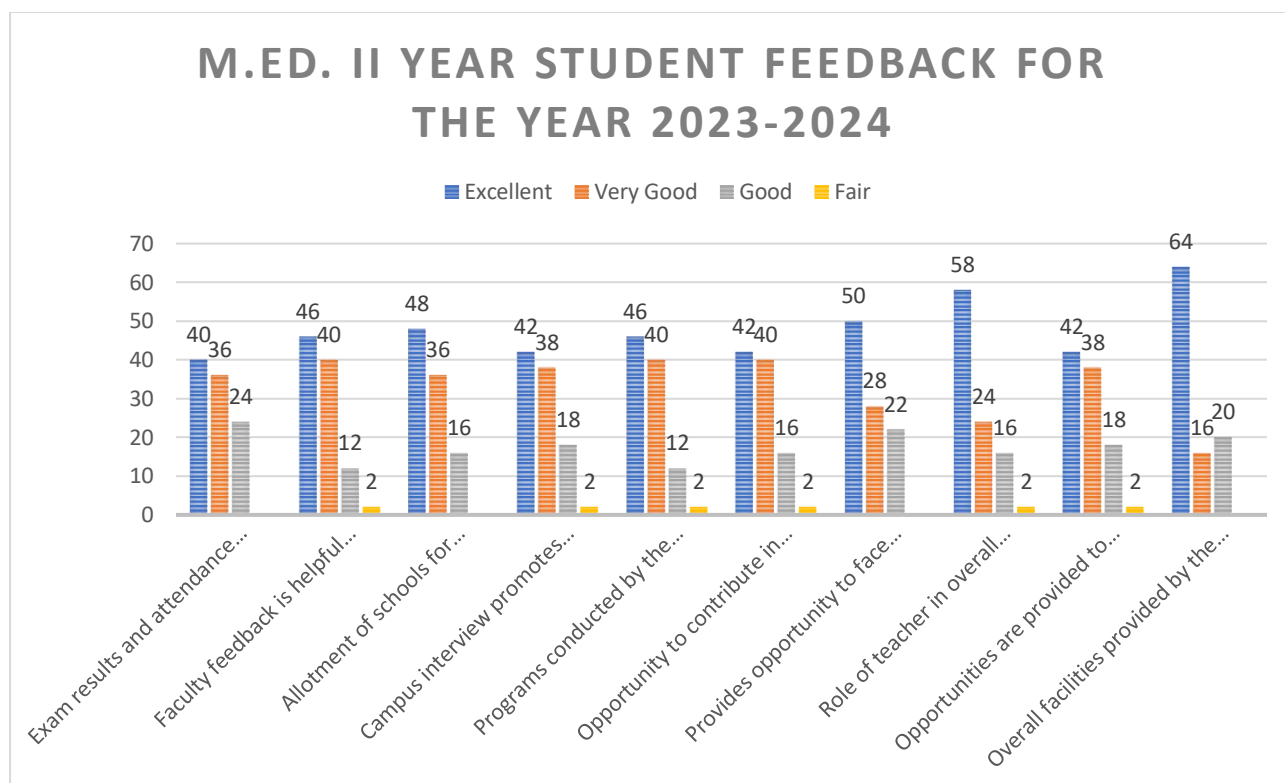

Conclusion:

Furthermore, our commitment to fostering a culture of responsiveness and excellence ensures that each student's educational journey is enriched with ample opportunities for growth and achievement.
